SELECTMEN'S REPORT

This 72nd Annual Report of your Town Officers continues to reflect the increasing costs of the services and materials which have to be financed with the returns from the taxes which we all have to pay.

Your officers feel that the Town's affairs have been conducted in as conservative a manner as could be, consistent with the present day demands of our public for various services.

We feel that we are particularly fortunate in having auditors and listers who have demonstrated a most conscientious interest in their duties and we hereby express our sincere appreciation for the services which they have rendered.

Our Civil Defense organization is currently re-organized. Mr. Raymond Lavigne of Park Street is the newly appointed Chairman of the organization succeeding Henry Collin who resigned due to his change of residence.

We have in storage at the High School the basic equipment of a 200 bed emergency hospital unit. This is one of five such units allocated to Vermont by Civil Defense Headquarters in Washington. In accordance with latest instructions, this equipment must remain in the hermetically sealed packages until such time as an emergency exists.

Your attention is again called to the fact that the Selectmen meet every week on Thursday evenings at 7:00 P.M. throughout the year. Our citizens are cordially invited to bring before these meetings any matters which they feel will contribute to the general benefit of the Town.

We again wish to record our appreciation for the cooperation we have received from Proctor residents and to the State officials with whom we transact our affairs. All have been most helpful.

HAVEN V. GREENE,
JOSEPH F. SHERLOCK,
FRANK J. OLNEY,
Selectmen

HIGHWAY COMMISSIONER'S REPORT

The tarring and new construction program for 1958 was as follows:

State Aid Highways

On route #2 an application of peastone seal with asphalt was applied 0.6 mile and a peastone seal with asphalt was applied 1.20 mile in mixed sections.

On route #1 a mix with asphalt and peastone was applied 0.3 mile and a seal of grits and asphalt was applied another 1.0 mile.

Town Highways

The following streets were cleaned, patched and surface treated with asphalt, peastone and grits:

Ormsbee Avenue, Warner Avenue, Olympus Road
Meadow and Grove Streets

New Construction

On route #3 near the Town Clerk's Office, a new culvert with two drop inlets was installed. The curb and sidewalk were re-located and banks sloped. The section widened in 1957 near the machine shop was paved.

Main Street from Carpenter Shop crossing to South Street on to Grove Street was covered with 1" of top coarse mix, the shoulders were blended to the curb and gutter formed. The material used was purchased from the Vermarco Paving Company and applied by Cooley Paving Company.

The equipment of this department is being maintained in good repair. The Case loader should be replaced.

JOHN LENDWAY,
Highway Commissioner.

AUDITORS' REPORT

We have verified the existence of stated cash balances, examined the accounts and records of town officers and the Treasurer of the Proctor Free Library, and to the best of our knowledge, the statements and reports of receipts and disbursements as of December 31, 1958 are correct.

REPORT OF HEALTH OFFICER, 1958

The year 1958 was not unlike the years gone by. We were visited by chicken-pox, mumps, German measles, and an atypical whooping cough. A word of explanation about the whooping cough. Many youngsters who had received triple shots in infancy and several booster shots as they grew older, came down with a cough that had many characteristics of whooping cough. However, there were several features unlike the true whooping cough.

1. The cough was of shorter duration.
2. Vomiting—with and following meals began earlier in the course of the disease—2-3 weeks.
3. Paroxysms of coughing were frequent and nocturnal, but not as intense.

The disease apparently para-whooping cough (Cough closely related to true whooping cough) was reported in that manner.

Our water reports were vastly improved. Only one positive specimen being submitted. A great deal of credit must be given Mr. Lendway for his efforts and interest. According to the number of negative specimens submitted the purity of Proctor water will compare very favorably with that of other Vermont towns.

HENRY J. FREGOSI, M.D.,

Health Officer.

**1958 REPORT OF THE
VERMONT DEPARTMENT OF HEALTH**

Through the following programs the State Department of Health works with the Health Officer and other officials, doctors and local citizens on community health. This report summarizes many of the services rendered to PROCTOR last year and indicates other services available.

CHILD HEALTH SERVICES: 106 children attended 7 well-child and school conferences organized by the public health nurse. At attending doctor's request, 1 child received hospital diagnosis. 5 children with orthopedic, cardiac, plastic or neurological conditions received services or appliances through clinics for handicapped children.

COMMUNICABLE DISEASE: 7 persons received chest x-rays; 80 children received immunizing series, including booster injections, against diphtheria, whooping cough, and/or tetanus. The immunizing series against poliomyelitis were given to 100 children and adults.

ENVIRONMENTAL SANITATION: A sanitarian or sanitary engineer made 32 inspections-consultations at the town's food and lodging places and 17 concerning water supply, sewage disposal, public buildings and other problems to protect health through improved town sanitation.

HEALTH EDUCATION: All programs offer educational services. Pamphlets, films and speakers are available. A health reference library is maintained. The health educator consulted with many groups on health education programs, studying or organizing to take action on local health problems.

HOSPITAL SERVICES: There was 1 inspection-consultation to the hospitals, nursing homes or homes for the aged.

INDUSTRIAL HEALTH: Services for chest x-rays in industry and inspections and consultations at industrial sites were available.

LABORATORY SERVICES: As aids in the control of communicable disease, tests were performed on 65 water samples, 86 blood specimens and 5 other specimens. Vaccines, antitoxins and biologicals were distributed for protection against communicable diseases.

MENTAL HEALTH: 5 persons and groups were served at the guidance clinic or through educational meetings or consultations. Services to individuals included 48 interviews with the psychiatrist, psychologist or psychiatric social worker. Financial and other assistance to develop local projects for prevention, treatment or education in the field of mental health were available.

PUBLIC HEALTH NURSING: The public health nurse's headquarters is in RUTLAND. Assisted by local people, she served at well-child and school conferences, X-ray and immunization clinics. She visited homes, doctors and agencies, making 118 visits on behalf of 35 persons and community health activities. Her service is an essential element in the department's programs for health promotion, disease prevention, diagnosis, treatment and education.

Respectfully submitted,

ROBERT B. AIKEN, M.D., M.P.H.,

Commissioner of Health.

VERMONT DEPARTMENT OF SOCIAL WELFARE

MONTPELIER, VERMONT

This is the twenty-third annual report which I have made to the citizens of Proctor regarding State payments in your municipality of various types of assistance and welfare during 1958. The support and cooperation of town officers and people generally over this long period is gratefully acknowledged.

This year marks the greatest improvement in the assistance programs since they were inaugurated many years ago. Due to an increase in Federal funds available to the State and a fortunate combination of circumstances it has been possible to lift the ceiling in the three adult programs from \$63.00 to \$75.00 a month and in the Aid to Dependent Children program to \$45.00 for the eligible mother or relative, \$45.00 for the first child and \$25.00 for each additional child. Our food budget allowances have also been increased. This not only furnishes more financial security to the individuals themselves but should also relieve the towns and cities of much of the expense of supplementation. Although the bill has not passed the legislature at this writing, a program for nursing home care and limited hospitalization for eligible recipients of Old Age Assistance, Aid to the Blind and Aid to the Permanently and Totally Disabled has the endorsement of the towns and cities of 65 percent of the cost for which they are currently obligated. No additional state appropriation is proposed or required. Actually, the current total requests of the Department of Social Welfare for 1960-1961 are less than was appropriated for 1958-1959.

Old Age Assistance	\$8,507.00
Aid to the Blind	348.00

*Aid to Dependent Children	1,242.00
Aid to the Disabled	772.00
†Committed Children	903.72
	<hr/>
	\$11,772.72
